★ Please note: Cast iron radiators are very heavy; due to the weight we can only supply radiators fully assembled up to 13 sections. Radiators over 13 sections will need to be joined on site, we will supply appropriate nipples and gaskets to do this. There will be a deposit of **£60.00** required for the joining tool, which is refundable on return. All cast iron radiators will need to be delivered on a pallet and there is an additional **£42.00** charge per order.

LOXLEY

CAST IRON

These beautiful cast iron radiators feature elegant scalloped decoration from the Edwardian period, delicately cast with exquisite details. The styled bohemian foliage extends from the middle of each section to the bottom of the feet and across the shoulder. A timeless design classically used in stately homes and mansions across Europe since the early 20th century. DQ's Loxley range is available in two heights.
