**\* Please note:** Cast iron radiators are very heavy; due to the weight we can only supply radiators fully assembled up to 13 sections. Radiators over 13 sections will need to be joined on site, we will supply appropriate nipples and gaskets to do this. There will be a deposit of **£60.00** required for the joining tool, which is refundable on return. All cast iron radiators will need to be delivered on a pallet and there is an additional **£42.00** charge per order.
